

CRUISING SEMINAR 2010

Saturday 6 March 2010 at Royal Lymington Yacht Club

Do you enjoy meeting other Contessa 32 sailors and hearing their sailing stories? Are you interested in technical information on equipment for your Contessa? Are you interested in seeing the next Contessa 32 'Calypso' being built? The Cruising Seminar, a blend of cruising stories and technical information, will address issues associated with cruising your Contessa 32.

Following last year's successful event, a Cruising Seminar and lunch are to be held at Royal Lymington Yacht Club on Saturday 6 March 2010. There will be speakers on (a) voyaging in a Contessa 32 as well as more modest cruises, (b) commissioning a Contessa 32 as a cruising boat, (c) equipment, and (d) boat maintenance/fitting out issues. The day will finish with a visit to Jeremy Rogers yard at Lymington Yachthaven to look around and most particularly to inspect the new Contessa 32 being built.

There will be ample opportunity throughout the day not only to ask questions of the speakers but to discuss and debate the various issues raised. The Seminar will include a hot lunch of steak & kidney pie with a selection of vegetables followed by a selection of desserts; a vegetarian option will be available.

10:00 Arrive. Registration. Coffee
